Note: Counts unique programs of study completed. A student who completed multiple programs of study (e.g. English and History) might have earned a single degree (e.g Bachelor of Arts) and would be counted only once in a count of degrees. Data for previous years may be updated (increased) in subsequent reports due to late conferral of degrees for previous sessions.

Notes: "Program of study" (POS) counts for this report are rolled up at the program level (by declaration type and objective) and do not include declared
sub-programs as unique POSs. Individual students are counted multiple times if they are enrolled in multiple programs of study.
Non-Degree counts include graduate students registered under "professional improvement" status and undergraduate students registered for
"personal development," as well as other students in programs without a declared degree objective.

UI Peer Group: Because the members of the Big Ten and CIC differ from one another in a variety of ways (for example, some campuses have large health sciences centers and others do not), the University of Iowa regularly uses an "official UI Peer Group" to benchmark itself against other, similar, institutions. The university formed the official UI Peer Group in the mid-1980s, and the Board of Regents, State of Iowa approved it. It included all of the public universities in the Big Ten at the time (Penn State was not yet a member), except for Michigan State and Purdue, which did not have comparable health science centers. In addition, four comparable campuses from various geographical regions of the country were added. The 10 public university members of the official UI Peer Group are:

Peer Comparisons

Regents Comparison Group: In some reports, at the request of the Board of Regents, State of Iowa, the University of Iowa provides comparison benchmarking data for a group that includes all of the Big Ten <u>public</u> universities plus the four non-Big Ten universities that are part of the official UI Peer Group: Arizona, UCLA, North Carolina, and Texas.

Alumni Operations Manual section II.23.1 (https://opsmanual.uiowa.edu/community-policies/treatment-alumni-records-0#23.1) defines an alumnus as a person who has earned a degree or a certificate from the university. The UI Living Alumni Statistical Report (the source for Digest reporting on alumni) also includes as alumni residents and fellows who have completed programs in the Carver College of Medicine.

Course Section Type
- Stand-alone: A section that is not associated with another section, such as a lab or discussion.
- Lecture: A section that has associated lab and/or discussion sections.
- Independent study: An individual instruction section that is not a formally structured class.

FTE – Faculty Faculty FTE is determined by source of salary funds on a line-by-line basis (for example, if an employee has one appointment in the Tippie College of Business for $20,000 and another in the College of Liberal Arts and Sciences for $60,000, for a total salary of $80,000, he or she would represent .25 FTE in Business [$20K/$80K] and .75 in CLAS [$60K/$80K]).

FTE – Student Student FTE is calculated here as follows: for undergraduate students, enrolled credit hours divided by 15; for graduate students, enrolled credit hours divided by 9; for professional students, enrolled credit hours divided by 12 up to 12 hours, and all students with 12 hours or more are counted as 1 FTE; for postgraduate students, 1 headcount = 1 FTE.

Full-Time or Part-Time Designation (Students) The Office of the Provost considers students to be full-time if they are enrolled for at least the number of hours at which they are charged full tuition:

- Undergraduate: >= 12 hours
- Graduate: >= 9 hours
- Professional: >=12 hours

All postdocs, residents, and fellows are counted as full time.

Fund Groups The Office of the Provost associates each fund code in the General Ledger with one of nine fund groups as outlined in the table below. (See the Accounting Code Manual for a list of all funds by number and name.)

General Education Funds (GEF)	050, 051, 060

Professional Students

Professional student counts include "first professional" (those pursuing a DDS, JD, MD, or PharmD degree) only. Other students enrolled in the professional colleges are counted in other categories (*e.g.*, Master of Laws [LLM] students in Law are counted as graduate students).

Definitions and Notes

Notes

1 Enrollment Data, Source of
Student enrollment (headcount and FTE) data prior to fall 2013 are pulled from the Registrar's data warehouse. In fall 2013 and later they are pulled from the MAUI student information system.

2 Postgraduate Student Headcounts, Fall 2011
In fall 2011, 288 postgraduate students (residents) were left out of census-date reporting due to a change in coding; they are included in Data Digest reports.

3 Iowa Intensive English Program (IIEP)
Students enrolled exclusively in Iowa Intensive English Program (IIEP) courses are no longer included in any student headcounts (they were included in the unclassified undergraduate counts in previous versions of the Data Digest). This change was made in the university's census-date reporting beginning with fall 2017. See the table below for the counts that were previously included.

IIEP Fall Student Headcounts	2008	2009	2010	2011	2012	2013	2014	2015	2016
Male	29	15	23	22	48	43	41	30	25
Female	31	25	25	14	30	26	24	27	21
Total	**60**	**40**	**48**	**36**	**78**	**69**	**65**	**57**	**46**

4 Race/ Ethnicity Reporting
Race/ethnicity categories and reporting methodology represent federal reporting categories and methodology. A major change in data collection and reporting occurred in 2009 for students and in 2010 for faculty; data before and after are not directly comparable. Prior to the change, individuals were only able to indicate a single race/ethnic category. After the change, revised federal guidelines allowed individuals to indicate multiple race/ethnic identities. These guidelines stipulate that all domestic students or faculty who indicate Hispanic ethnicity should be reported as Hispanic, regardless of other racial information provided. Non-Hispanic domestic students or faculty who indicate more than one race are reported in the "two or more races" category.

5 Gender Reporting
In spring 2016 the university began its Inclusive Student Records initiative, which provides new functionality allowing students to designate and use identifiers (preferred first name, sex, gender, and pronouns of reference) in many university student records systems. Effective fall 2016 (20163), the possible values for "gender" (now "sex" in university systems) changed from "male," "female," or "transgender" to "male," "female," or "prefer not to answer." (In addition to and distinct from the value selected for "sex," students now have the option to identify one or more gender identity values.) In Digest reports, "Prefer Not to Answer/Other" includes all students who chose not to identify their sex as either male or female, whether by selecting "transgender" (or not reporting) in fall 2013 through fall 2015, or by selecting "prefer not to answer" starting in fall 2016.

Reporting Variations

Many categories of university data can be counted or measured in a variety of different ways, depending on definitions of what to include, timeframe, and other variables. How a particular set of data is reported may reflect requirements imposed by an external agency, or the business requirements of a given university unit. The following notes are provided for Data Digest users who are interested in understanding the specific differences between data in the Digest and in selected other reports.

Faculty FTE

The Data Digest includes two counts of faculty FTE, in the November 1 Faculty FTE report and the November 1 Employment Profile FTE report. Both are derived from November 1 PeopleSoft HR data. Differences include:

Faculty FTE Report	Employment Profile FTE Report
Faculty identified and grouped according to jobcode, as defined in ProView documentation. Institutional officers and college-level administrators (*e.g.,* deans/associate deans) are counted separately.	Faculty identified and grouped according to UI_JOB_PRIM_TYPE field in table PS_JOBCODE_TBL. Institutional officers are counted separately, college-level administrators are included with tenure track faculty.
Includes pay groups 1,7,8,A,B,1F,7F,AF, and BF	Includes pay groups 1,7,8,A, and B
Does not include faculty on unpaid leave	Includes faculty on unpaid leave

There are additional small differences in how funds are grouped (see Definitions for how funds are grouped in the Digest).

Faculty Headcounts

Faculty headcounts are reported to the Board of Regents, State of Iowa; in response to various surveys; and in other internal and external reports. Guidelines for which faculty to include or exclude in these reports vary, resulting in different counts of "total faculty." Below is a summary of some of the reports that include faculty headcounts.

Report	Inclusions/Exclusions	Total
Reports/Surveys based on November 1 Snapshot Data (comparisons shown as of November 1, 2018)		
Board of Regents Tenure Report		
Table 3	All faculty including complimentary appointments, all ranks and all types. Includes administrators with faculty appointments	5,837
Table 3a	Includes paid faculty only, all ranks and all types. Includes administrators with faculty appointments	3,332
IPEDS Human Resources Survey	Full time and part time employees whose primary appointment is a faculty appointment of 25% or greater, all departments, all ranks. Administrators with faculty appointments are not included.	2,907
Miscellaneous Surveys	Full time and part time Tenure Track, Clinical Track, Research Track and Instructional Track faculty	2,741
Miscellaneous Surveys	Full time and part time tenured/tenure track faculty. Includes administrators with faculty appointments.	1,496
AAUP Faculty Survey	Full time Instructional faculty in non-clinical departments, all ranks (excludes Research Track and Administrators)	1,467
AAUDE Faculty Salary by CIP Code	Full time instructional faculty in non-clinical CIP programs, top three ranks only. Administrators (Assistant Deans and higher) are excluded	1,416
Departmental Faculty Salary Report	Full time tenured/tenure track faculty in non-clinical CIP programs, top three ranks only. Administrators (Assistant Deans and higher) are excluded	1,015
Other Reports		
Board of Regents Salary Report	Full time and part time Tenure Track, Clinical Track and Research Track faculty in Collegiate Orgs, Administrators and Institutional Officers as of July 1st.	2,713

Definitions and Notes

Equal Opportunity and Diversity/Chief Diversity Office Reports	Affirmative Action Plan: Excludes administrators (including DEO's); Includes visiting faculty and faculty fellows	2,968
	Board of Regents: Same as above, but excludes faculty with less than 50% appointments	2,732

The Data Digest 10-year faculty headcount reports (by faculty category, gender, and race/ethnicity) are based on the Board of Regents Tenure Report, with all faculty included. The Digest also includes the most recent November 1 Employment Profile Headcount Report, which includes faculty. The Employment Profile is prepared by Human Resources from PeopleSoft HR data, and uses slightly different criteria to identify and group faculty, as noted under Note 2, above.

Graduate Student Counts, Master's vs. Advanced

The Headcount and Full-Time Equivalent (FTE) Report in the Student Profile breaks down graduate student headcounts into "master's" and "advanced." The latter includes students pursuing doctoral degrees, as well as post-doctoral students in sessions where those students were counted with graduate students (see "Postgraduate Student Counts"); the "master's" group includes all other graduate students (certificate and non-degree students, etc.). The advanced (doctoral) vs. masters (masters + other) breakdown in Data Digest reports will not match the Headcount and FTE Report because of the graduate students who were formerly counted as professional (see "Graduate vs. Professional Student Counts"), and because post-doctoral students have been separated out. The Headcount and FTE Report also reflects a few additional small variations in counting in selected sessions.

Graduate vs. Professional Student Counts

In fall 2014 the Board of Regents, State of Iowa required that only "first professional" students (those pursuing a DDS, JD, MD, or PharmD degree) be counted as professional in official SUI enrollment reporting. Prior to fall 2014, Tippie School of Management students and some other students in the professional colleges (non-degree students in Dentistry, Law, and Medicine; certificate students in Dentistry and Medicine; and Master of Laws [LLM] students in Law) were counted as professional. In Digest reports, only "first professional" students are counted as professional in all years.

Postgraduate Student Counts

The Fall Enrollment Report begins counting postgraduate students separately from other students starting in fall 2011; the Census Report does so in fall 2013; and the Student Profile's Comparative Enrollment Report does so in fall 2014. Prior to those sessions, in each of those reports, graduate post-doctoral students and fellows (Liberal Arts, Graduate College, Public Health) were counted with graduate students, and professional residents and fellows (Medicine, Dentistry, Pharmacy) were counted with professional students. Postgraduate students are counted separately in all years in Digest reports.

In fall 2013, one CLAS Fellow was counted as an undergraduate in the College of Liberal Arts and Sciences in Registrar reporting. This student is counted as post-doctoral in Digest reports, in order to be consistent with prior sessions.

In fall 2011, 288 postgraduate students (residents in the Carver College of Medicine) were left out of census-date reporting due to a change in coding. They are included in Digest reports.

Retention and Graduation Rates of New First Time Full Time Students

The Data Digest reports retention and graduation data for all cohorts based on a snapshot of academic persistence data captured on the official census date of the most recent fall semester. The snapshot includes the latest changes, such as late-awarded degrees, for all cohorts through that fall census date. Although these data are provided to the Board for the annual Graduation and Retention Rate report to the Board of Regents, State of Iowa, the tables posted on the Board's web site may not reflect updates to data previously provided for past cohorts. Note also that retention and graduation data reported annually to IPEDS and to *U.S. News and World Report* are not updated after the original reporting year.

Definitions and Notes

Student Counts by Residency and Geographic Origin

International status, residency status, and residency state are derived from distinct fields in the student information system and were not perfectly aligned prior to MAUI implementation in fall 2013. A small number of undergraduate students were coded as international according to reported ethnicity, and as residents of the state of Iowa according to residency status. In addition, some students were coded as non-resident but with a residency state of Iowa, and were counted as resident or non-resident depending on context. In the Digest, where there is a discrepancy and the data are presented as part of a single whole, priority is given to international status (derived from the reported ethnicity field) over residency status, and then to residency status over residency state. This results in small differences as compared to the Summary of Total Enrollment by Geographic Origin report in the Student Profile.

Student FTE and Full-Time Status

In the Data Digest, student FTE and full-time or part-time status are defined as described above in Definitions. In the Student Profile and Fall Enrollment Report, there are some variations in how students are counted that are based not on enrolled credit hours but on program of study, enrollment in a certain type of course, the provision (starting with MAUI data in fall 2013) of a "short hours" letter (a form authorizing a graduate or professional student to be considered full time for immigration or other purposes even though actually enrolled for fewer than full-time hours), or other factors. The Digest ties full-time status and FTE to enrolled hours in an effort to provide the most consistent data over time.

Technology Transfer

Measures in the Data Digest Technology Transfer report differ from those in the annual Economic Development and Technology Transfer report to the Board of Regents in several ways, including:

- the Digest includes audited data that may reflect minor additions or adjustments;
- the Regent report includes all patents issued; the Digest includes U.S. patents issued only;
- the Regent report includes all license and option agreements generating income; the Digest follows an industry guideline that excludes agreements below a certain dollar amount, and doesn't count certain materials.

Additional detail is available on request from the University of Iowa Research Foundation.

Version Notes

In addition to adding the latest newly available data, a new Data Digest version may incorporate changes to previously published (prior year) data, in order to correct an error or to reflect updated information. Previous Digest versions will remain archived as originally published. Changes to the current version are recorded below.

Report	Difference from Previous Digest Version
Endowment Pool	The 2017-18 Digest reported UI Center for Advancement distributions for FY 2017 as $132.69 (in millions), based on the FY 2017 Audited Financial Report. The FY 2017 amount is updated here to $142.41 (in millions), based on the FY 2018 Audited Financial Report.
Race/Ethnicity of Postgraduate Students	From fall 2014 through fall 2019, a system error led to miscounting postgraduate students by race and ethnicity (the number counted in the "Two or More Races" group was significantly overstated). This has been corrected in the 2019-20 Data Digest.
Retention and Graduation Rates of New First Time Full Time Students	Beginning with the 2019-20 Digest, the source for retention and graduation data is a snapshot of the MAUI academic persistence data captured as of the official census date of the most recent fall semester. Previously these data came from the "live" academic persistence table, which reflects the latest updates as of the query date, including any late-awarded degrees.
	Also beginning with the 2019-20 Digest, first-year retention rates are calculated based on whether a student in a given cohort enrolled in the following fall semester only, not whether the student enrolled at any time during the following academic year.
	These changes were made in order to align with annual reporting to the Board of Regents, State of Iowa.
Student Credit Hours by Primary Instructor Category	The distribution of credit hours by primary instructor category for 2017-18 differs in the 2017-18 and later Digests because of an update run in summer 2018 that captured retroactive appointment changes.
