Introduction

In accordance with the [University Programs with Minors Policy](#), these policies govern University of Iowa Youth Programs that include participants who are under the age of 18 and who are not accompanied by a responsible adult. University Youth Programs include, but are not limited to, tutoring, mentoring, lessons, summer camps, academic programs and student organization events which include participants under the age of 18 and who are not accompanied by a responsible adult. Both residential and non-residential programs are included, as are programs that take place off campus at locations such as Iowa Lakeside Labs. For example, a program that brings students under the age of 18 to campus for an overnight stay would be covered by these policies. A School of Music program in which parents leave children on campus to participate is covered by these policies. A program that involves elementary school students visiting campus with a teacher are not covered. Hawkeye Visit Days, which involve students visiting campus with parents or guardians to preview our programs, are not covered.

All University Youth Programs must abide by the Youth Programs Manual with the exception of the following:

- a. Minors who are visitors in the workplace (in accordance with the University's Visitors in the Workplace policy);
- b. Minors working for the University as employees;
- c. Minors admitted for enrollment at the University;
- d. Minors enrolled at the University;
- e. Minors attending events on campus, such as a performance at Hancher Auditorium, or events sponsored by the University that are open to the general public;
- f. Minors on school/organization trips accompanied by an adult chaperone by their school/organization throughout the trip;
- g. Minors attending official admission events hosted by the University Admissions Office, such as Hawkeye Visit Days;
- h. Minors participating in pre-enrollment visitation or recruiting activities governed by NCAA or US Department of Health and Human Services regulations; and
- i. Minors receiving medical and/or clinical care or treatment at the University of Iowa.

Organization

The Office of the Executive Vice President and Provost, and the Office of Risk Management, exercise ultimate authority over University Youth Programs. In that capacity, the Office of the Executive Vice President and Provost retains the right to revoke approval of youth programs and suspend all programmatic efforts of youth programs based on findings of noncompliance with University of Iowa policies.

Each program shall have a designated program director who is responsible for ensuring policy compliance, for updating contact information, and for registering. The director shall administer the program and coordinate internal and external communication. The program director shall report to its governing Vice President through an appropriate organizational unit. Each organizational unit shall appoint an administrator who will be responsible for that unit's youth programs. The supervisor may be

the same person as the administrator. It is the responsibility of the organizational unit, which the program reports to, to monitor and to ensure such compliance with this manual.

Proposals for New Programs

Youth Programs that are to be affiliated with the University of Iowa must be proposed by a 50% or greater faculty or staff member. Applications should be submitted to the administrator in the appropriate organizational unit. A proposal for a new program must be approved by the organizational unit that will supervise the program, by the appropriate Vice President for the unit, the Office of the Executive Vice President and Provost, and the Youth Programs Committee.

Youth Programs Committee

An administrative committee has been formed to monitor and provide guidance on the application of this manual to new and existing University Youth Programs, to create operational procedures related to the registration, approval, and appeals processes for University Youth Programs, and to provide timely reviews and/or revisions of this manual in accordance with the requirements of the UI Operations Manual. This administrative committee shall consist of representatives from:

- Chair, The Office of the Provost – Paul Bellus
- Department of Athletics – Josh Berka
- Housing & Dining – Carol A. Rose
- College of Education – David Conrads

This committee shall:

- Develop and distribute the Youth Program Manual and Guide for Youth Programs Protocols
- Review campus policies for sponsored youth programs
- Provide advice on development of program forms and protocols
- Review programs on a periodic basis and assess the need for revision in existing guidelines by reviewing:
 - Incidence of participant injury and illness;
 - Unfavorable events and situations;
 - Issues reported by staff;
 - Changes in legal requirements and legal issues experienced at other institutions;
 - Any activities that present unusual problems or concerns
- Identify what types of incidents must be reported and to whom they must be reported
- Convene meetings with program directors as appropriate
- Produce annual compliance report for program directors and appropriate unit director

Responsibilities of the Designated Program Director

- Crisis preparedness
 - Prepares an inclement weather protocol
 - Prepares for emergency medical care plan
- Health and Safety
 - Coordinates review of participant accommodations with appropriate departmental units

- Assures individuals requiring accommodations (medical, physical, other) are identified and made known to program administrators
- Assures all qualifying staff complete the Minors on Campus Policy requirements prior to contact with minor participants
- Assures all qualifying staff complete a criminal background check prior to contact with minor participants
- Conducts a pre-program inspection of the facilities and equipment to ensure that facilities and equipment are in good condition
- Assures drinking water and toilet facilities are available at off-campus sites
- Assures emergency medical services are available
- Maintains an injury, illness, and incident log including:
 - Names of participants involved
 - Nature of the injury, illness or incident
 - How it occurred
 - Emergency action taken
 - Other actions taken including parent notification (if applicable)
 - Narrative section to expand in detail including the name(s) of the staff involved and the action taken by each during and after the event
- Retains all permission slips, medical forms, consent forms, and emergency contact information, assuring that appropriate forms are signed by the participant and parent or guardian prior to allowing the participant to engage in activities
- Assures that staff who reside in the residence halls with minors or who accompany minors when the program director is not available, have access to all program permission slips, medical forms, consent forms, and emergency contact information at any time day or night
- Assures appropriate and expeditious action is taken for rule violations or other unacceptable behavior
- Assures participants are appropriately supervised
- Performs appropriate notification about incidents
- Communication
 - Retains emergency contact information for parents/guardians
 - Coordinates emergency contact with parents/guardians and campus crisis communications
 - Complies with all university reporting requirements
- Training and orientation
 - Oversees the orientation and training of program counselors and staff
 - Prepares and ensures delivery of an orientation for participants
 - Assures sufficient time is allocated to the participant orientation and employee training programs

Registration of Youth Programs

All youth programs must be registered with the Executive Vice President and Provost and the Office of Risk Management at the following URL: [Register a Program](#). Registration requires Hawk ID and password to login. As part of the registration process, all University Youth Programs are required to submit information about participant age range, anticipated number of participants, estimated staffing

numbers, anticipated staff to student ratio, program location, start and end dates of program, buildings utilized, program website, and emergency contacts for the program.

Required Policies

Cash Handling Procedures

Each program shall have a written cash handling procedure that complies with all university processes and regulations (<https://afr.fo.uiowa.edu/cash-handling>).

Criminal Background Checks

Criminal Background Checks should be administered by the sponsoring department's unit HR representative. The UI [Policy Manual](#), Section II Community Policies, Chapter 16 informs the policy for criminal background checks for programs hosting minors. A criminal background check is required for each volunteer and/or employee who works directly with minors or who would be alone with minors in the course of the job; this check must be completed before the person is allowed to participate materially in any University Youth Program. This includes but is not limited to graduate/undergraduate student assistants, faculty, staff, volunteers, and consultants or contractors. Programs should identify which positions will require criminal background checks and which will not. For example, a volunteer invited to speak to a group, but who will not interact with minors outside of this duty or be alone with a minor, may be exempt from such a background check. Employment application forms should reflect the requirement that a background check be performed, and the person found eligible to work with minors. All current employees are subject to criminal background checks if their duties place them in direct contact with minors, prior to commencing those duties. Background checks must be conducted for anyone at the point of hire. If a break in employment occurs, a new criminal background check must be processed and evaluated, on an annual basis at a minimum. All current employees will undergo a criminal background check at least every five years.

The name of staff/volunteers that require criminal background checks and the date of completed background check must be reported to the Minors on Campus committee at [Submit Staff and Volunteer Compliance Information](#). Compliance reports should be submitted prior to the start of the program.

Self-Disclosure Requirement

Anyone in direct contact with minors must complete a self-disclosure form prior to a criminal background check. Anyone whose duties place them in direct contact with minors must notify the unit's/department's senior HR leadership representative of any arrest or conviction of a serious misdemeanor or felony, and/or any arrest or conviction that has or may have a nexus to their university activities involving minors within 72 hours of such arrest or conviction.

“Minors on Campus” Training Requirement

All youth program staff whose job duties bring them in direct contact with minors must complete “Minors on Campus” training at the time of hire and prior to having contact with minors. This training must be completed at least once every three years or at every point of hire if there has been a break in

employment with the University of Iowa. For all staff with a HawkID, this training is available at https://compliance.hr.uiowa.edu/my_training/course_enroll_details/WRM002. Volunteers and persons without a HawkID can take that training at <https://learn.uiowa.edu/>. A login and password may need to be created to enter the portal. Once in, use the search term “minors” to locate the course. Select “Working with Minors on Campus” and follow the screen prompts. Be sure to complete all modules of the course.

At the end of the tutorial for non-HawkID users, a short form will need to be filled out where they are required to: provide their name; the department they will be working/volunteering at; attest they have read and understand the content; submit their email address to receive confirmation of the completion of the course; enter a second email address to have the confirmation sent to the director of the program where they shall be working/volunteering.

Staff program orientation must include discussions of the implications of these rules/guidelines specific to their program.

The name of staff/volunteers that require “Minors on Campus” training and the date of completed training must be reported to the Minors on Campus committee at [Submit Staff and Volunteer Compliance Information](#). Compliance should be reported prior to the start of the program.

Incident and Accident Reporting

Programs shall produce clearly defined written policies for reporting incidents and for maintaining records of such reports. Incidents to be covered by the policy include violations of program rules, sexual misconduct, injuries, illnesses, violations of the law, Code of Student Life violations, and bill and cash handling issues. Incidents that involve a violation of University of Iowa policies must be reported to the program’s administrator. Potential violation of local, state, or federal laws must be reported to the University of Iowa Police and the administrator. The administrator shall under both circumstances inform the appropriate Vice President through appropriate departmental channels. All incidents of sexual misconduct must be reported as specified by the University Policy on Sexual Misconduct; child abuse must be reported to the proper authorities as required by university policy and the Code of Iowa. All University employees who in the course of employment receive information related to physical or sexual abuse of minors must immediately report such information in accordance with University of Iowa Physical and Sexual Abuse of Children Policy (Policy Manual Part II, Ch. 15 at <https://opsmanual.uiowa.edu/community-policies/physical-and-sexual-abuse-children>).

First Aid/CPR/Bloodborne Pathogens Training

All programs shall have clearly defined procedures for managing situations requiring first aid, minor medical care, and medical emergencies. At least one or more fulltime staff member(s) shall be certified in Standard, Community, or Basic First Aid and Bloodborne Pathogens training with age-appropriate CPR if access to EMS is 30 minutes or less. All programs with access to EMS greater than 30 minutes must have at least one or more fulltime staff member(s) certified in wilderness first aid and age-appropriate CPR. Participants should be informed about procedures regarding injuries, medical care and medical emergencies; participants should know which staff member is First Aid/CPR and Bloodborne Pathogens certified.

The names of staff/volunteers that are First Aid/CPR/Bloodborne pathogens trained must be reported to the Youth Programs Committee at [Submit First Aid/CPR/Bloodborne Pathogens Compliance Information](#).

Clery Act Reporting & Compliance

All staff and volunteers of programs hosting minors are considered Campus Security Authorities and are required to report crimes under the Clery Act to The Office of Clery Compliance utilizing the [Campus Security Authority Report Form](#). Report all suspected crimes to The Office of Clery Compliance including murder, aggravated assault, rape, fondling, incest, robbery, burglary, arson, and motor vehicle theft (e-bikes and mopeds). Violence Against Women Act crimes: dating violence, domestic violence, and stalking are included. Also Hate crimes (theft, simple assault, intimidation, destruction/damage/vandalism of property). Finally, all weapon, drug, and alcohol offenses must be reported (not intoxication alone, only possession.)

It is not the responsibility of staff or volunteers to investigate claims of a criminal incident, that is the responsibility of the proper authorities. Contact the UI Police department immediately at (319) 335-5022 or 911, if you become aware of a crime that is a serious or continuing threat.

Reporting Procedure

Collect and report the following information to The Office of Clery Compliance when made aware of a suspected crime:

- Incident Location
- Date Reported
- Date and Time of Incident
- Incident details including enough information to classify the incident.

Note: Victim identity is optional but not required. If included, this information will remain confidential as allowed by Iowa or federal law. This is only used to prevent possible overreporting.

Reporting to The Office of Clery Compliance does not mean the incident was reported to the police. No investigations will be done after the Clery Act report. It is only done for crime statistic purposes to comply with federal law. If a victim wishes to file a police report, UI Police must be contacted directly at (319) 335-5022.

All staff and volunteers of programs hosting minors must receive Clery Act training prior to working with minors. This training is part of the required Minors on Campus training.

It is the program director's duty and responsibility to ensure that all staff, volunteers, and participants comply with Clery Act reporting and compliance requirements. This includes having staff, volunteers, and participants register to receive Hawk Alerts.

Directors shall instruct staff and volunteers with HawkIDs and passwords to register to receive Hawk Alerts at [Hawk Alert Registration Form](#). This link requires the user to login with their HawkID and password. Afterwards, it will open the form where the user has the option how to receive Hawk Alerts.

They can provide a mobile phone number (SMS only, voice only, or both), an email address, or both as ways to receive Hawk Alerts.

For staff, volunteers, and program participants without Hawk IDs and passwords, the director must assemble spreadsheets of exceptions with the following set of data:

- First Name – optional
- Last Name – optional

Required Information

- Name of the Program
- Start Date
- End Date – no more than 90 days from start date

At Least One of the Following Contact Methods

- Email
- Phone 1
- Phone 1 Communication Preference (1 for SMS only, 2 for voice only, 3 for both)
- Phone 2
- Phone 2 Communication Preference (1 for SMS only, 2 for voice only, 3 for both)

Directors shall submit the spreadsheets of exceptions to Anna Lumpkin, Director of Emergency Management, Department of Public Safety at anna-lumpkin@uiowa.edu.

Hawk Alert protocols shall be included in staff/volunteer orientation and orientation of participants.

The current operating status of the campus and a history of recent Hawk Alerts are located on the [Emergency Information](#) website of the University of Iowa.

Emergency Preparedness Requirements.

Programs shall provide information to participants in preparation for bad weather or evacuation (<https://opsmanual.uiowa.edu/community-policies/extreme-weather-protocol>).

Orientation requirements for participants

All programs shall provide an orientation for participants. Topics to be covered will include:

- Program Rules and Regulations
- Discipline procedures for participants
- Facilities that are off limits and activities that are not permitted
- Program harassment policy (discrimination, hazing, harassment, sexual misconduct)
- Policy on alcohol and illicit drug consumption
- Program security
- Emergency evacuation procedures
- Protocols (Hawk Alerts, weather, missing student, etc.)
- How to report injury or illness
- How to report a hazard
- How to report other concerns
- Residence hall information for residential groups only

Pick Up and Drop Off Locations

Commuter programs shall provide for safe pick up/drop off locations; these locations shall be clearly communicated to parents and guardians. These locations shall be supervised by a program employee who stays on site until every attendee is picked up. In areas designated as pick up/drop off sites without adequate parking, parents and guardians should be reminded that stopping and double parking in the traveled portion of a street is illegal and unsafe. If adequate legal parking space is not readily available, they may be required to park farther away and walk to pick up their child and escort them to their vehicle.

Staffing

The appropriate staff to participant ratio depends on the type of program, utilizing standards as developed by the American Camp Association (ACA). Day programs, with no overnight component, shall maintain a staff to participant ratio of 1:12 for age 15 and older, 1:10 for age 9-14, 1:8 for age 6-8, and 1:6 for age 5 years & younger. Overnight programs shall maintain a staff to participant ratio of 1:10 for age 15 and older, 1:8 for age 9-14, and 1:6 for age 6-8. One-on-one contact between one program participant and one program employee should be minimized; to the extent possible, a program participant should not be alone with a program staff member.

Reference Checks

When possible, all volunteers and employees should provide references before employment by the program. The director is responsible for checking references to ensure that the person has the appropriate background and skills to contribute to the program.

Crisis Management

The Office of Strategic Communication (OSC) is the primary point of contact for media inquiries. In the event of a crisis, all communication with external constituents, excluding parents, guardians and participants, should be coordinated with OSC. Programs should have a clear protocol for handling communications with parents and guardians and participants in the case of a crisis. Parents and guardians should be informed about whom to contact regarding their children in a crisis situation.

Liability Waivers

Directors shall maintain copies of appropriate liability waivers. All waivers used by the program shall be approved by Risk Management. Programs are advised to seek annual approval of program forms by Risk Management. Examples of program forms can be found at <https://provost.uiowa.edu/minors-campus-policy>.

Contact Information

Each program shall distribute (in hard copy or on a website) to its employees, volunteers, and participating families an outline of the reporting structure for each program, to include:

- Contact information for the program director (director)
- Contact information for the program director's direct supervisor (supervisor)
- Contact information for the administrator in each organizational unit who has been assigned responsibility for the unit's youth programs (administrator)
- Contact information for the Vice President or designee to which the unit reports (VP)
- Contact information for the Office of the Provost
- Contact information for University Police
- Desk phone number for assigned residence hall if applicable

Requests for Policy Modification/Exemption

When a guideline(s) would adversely affect the integrity of the programmatic activity being conducted, the program director must document why the guideline(s) cannot be followed and must explain what measures would be in place to protect the minor participant, program staff, and the University of Iowa. Any variance must be presented to the Youth Programs Committee at least 90 days prior to the start of program activities.

The Youth Programs Committee shall consult with the Office of General Counsel when evaluating appeals for exemption to any guidelines. Exemptions can be granted per event or on a permanent basis.

Appendix C: Waiver and Media Release Form (Required)

Waiver and Release

In consideration for my child being permitted to participate in the University of Iowa {Program Name} on {Date(s)} on behalf of my child, myself, our family, our heirs, and assigns, I hereby release and hold harmless the University of Iowa; Board of Regents, State of Iowa; the State of Iowa; and each of their employees, agents and representatives (Releasees) from any and all liability for personal injury, including death, or property damage or loss suffered by my child as a result of, arising out of, or in any way involving my child's participation in Program activities, except to the extent that such liability results directly from the negligence of the University of Iowa, its agents, or employees.

I acknowledge that I know, understand, and appreciate the potential risks associated with my child's participation in Program activities. The risks may include, but are not limited to: {List risks of individual program here, for example: adverse weather conditions; vehicular accidents; trips/falls; bodily injuries, or death; ***Risk Management can assist with developing a list of risks specific to your program***} and loss or damage of personal property. The risks include exacerbation of pre-existing medical conditions. I fully assume the inherent risks associated with my child attending this Program and assert that my child has chosen to participate in this program, with my express approval.

I grant the University of Iowa and persons acting for or through them the right to use, reproduce, assign, and/or distribute images, audio and video recordings, and likenesses in any medium whatsoever, of my minor child, for the purpose of promoting the University of Iowa, any of its programs or Centers, or for any other lawful purpose, without payment to me, my child, and any other person with whom I share legal custody. The University, its successors and assigns shall own all right, title and interest, including without limitation the copyright, to any such image, recording, or likeness.

I hereby release and hold harmless the Board of Regents, State of Iowa; the State of Iowa; and The University of Iowa; as well as each of their respective agents and employees from any and all claims, including but not limited to claims of infringement, damages or remuneration, for invasion of privacy, defamation, or misappropriation, or otherwise arising from such use.
