Departmental Spotlight: *Have you been to Hancher lately?*

Hancher Auditorium plays a key role in advancing the vision of Performing Arts at Iowa. We are building a destination performing arts campus at one of the most arts-engaged universities in our nation. Through programming, engagement, and educational outreach, Hancher nurtures an environment where creativity and creative practice are core values for University of Iowa students, the wider community, and visiting artists.

Hancher programming offers an expansive range of aesthetic styles across dance, music, theater, and multidisciplinary arts, including a Broadway subscription package, the dynamic Infinite Dream festival, a selection of comedy, jazz, and alternative music in the Club Hancher series, intimate chamber and dance performances that bring artists and audiences together on the stage, and exceptional artists and companies in the full auditorium.

Beyond the stage, Hancher drives essential academic learning on campus. Every day, Hancher staff members are working with colleagues in dance, music, production, and theater. The team also collaborates closely with local arts organizations.

Hancher is committed to fostering opportunities to demonstrate what the university and community arts scene can do together. We hope to welcome you to Hancher soon for an amazing performance. Find our upcoming schedule at hancher.uiowa.edu.
