Departmental Spotlight: *Organization Changes*

On March 27th, following the direction of the Iowa Board of Regents, the Division of Access, Opportunity, and Diversity (DAOD) has closed. Despite these organizational changes, we want to assure the UI community that access to important resources will continue.

The Office of Civil Rights Compliance now reports to the Office of the President. They will continue to provide support in areas such as sexual misconduct, ADA compliance, and discrimination. You can learn more about their services here.

TRIO Support Student Services and TRIO Upward Bound now report to University College and will continue to offer their outstanding programs.

We understand that change can be challenging and confusing. We want to take a moment to recognize and appreciate the incredible work done by the staff in the former DAOD unit. As we move forward, we remain committed to providing exceptional resources to our students, staff, and faculty across UI. We look forward to partnering with you and supporting your work!

If you have any news or department you'd like to highlight, let us know!
